15.5 Library Facilities:

The library is fully automated and equipped with an Online Public Access Catalogue (OPAC) through the integrated library management system *Infolib* software with 24x7 Wi-Fi connectivity and CCTV surveillance facilities. The library operates under an open access system, facilitating easy browsing and retrieval of resources. It houses a comprehensive collection of academic materials, including books, periodicals, NPTEL video lectures, online databases, e-books, e-journals, back volumes, CDs/DVDs, project reports, and question bank. A well-furnished reading room accommodates up to 150 users, including 48 individual reading cabins designed for focused study. The digital library section is equipped with 25 computers, allowing users to access online journals and video course content efficiently. The library is an institutional member of DELNET, NDLI, and AUERC, providing access to an extensive network of digital and academic resources.
